RACE DAY

NEW THIS YEAR – WE ARE GOING GREEN!

For both our environment and as a nonprofit, unnecessary waste, trash and expense is something we are strongly against. We are dedicated to maintaining a clean race and preserving the beauty of the area we run in. This year for all our races, we will be providing each racer a [HydraPak SpeedCup](#) a quick and easy watering solution; it's lightweight, easy to hold, reusable and collapsible so you can tuck it almost anywhere. You also have the option to bring your own system. It can be anything that works for you, so long as it does not produce trash.

We will NOT have cups at the aid stations.
